New Production U.S. Military M17 Medic Bags Are Here!

Great Design • Efficient Size • Great Price

The U.S. Military M17 Medic Bag is a unique piece of gear for the tactical medic. This bag features 3 fold-out compartments that contain two zippered pouches each for a total of 6. Yet the bag is designed so that each layer folds or stacks together to form an efficient and compact bag that measures 12 inches wide, 14.5 inches high and 10 inches deep. The 6 individualized compartment pouches feature YKK zippers and allow for access to medical items in one pouch while protecting the medical items in the adjacent compartments and pouches from the elements. Each layer or compartment measures approximately 4.5 inches high. All military specification webbing, stitching, thread and hardware. Includes top grab handle and shoulder straps with two frontal webbing closure straps and two side webbing closure straps along with one side utility pocket. Comes in the military issue Olive Drab Nylon 7901 material.
